Re Phoenix quarterly let, 3/31/70, Phoenix airtel and LHM, 4/7/70 and Bulet, 4/24/70.

I. POTENTIAL COUNTERINTELLIGENCE ACTION

New Left activities in the Phoenix Division are largely dormant at the present time and it seems unlikely that there will be any significant New Left activity in this area during July and August.

The situation in regard to [REDACTED] a faculty member at Arizona State University (ASU) in suburban Tempe, which is commented upon under Roman Numeral III below, may present additional potential for action in this program. However, the most recent comments regarding [REDACTED] status with ASU is that he has agreed to take a one-year sabbatical. In the event that his case becomes a cause celebre for the New Left or the Socialist Workers Party on the ASU campus in the near future, it will be evaluated for possible counterintelligence action.

II. PENDING COUNTERINTELLIGENCE ACTION

There is no pending action at present in the Phoenix Division related to the captioned matter.

III. TANGIBLE RESULTS

The anonymous letter prepared by Phoenix regarding [REDACTED], described in re Phoenix airtel dated 4/7/70, was mailed to the listed recipients as instructed in re Bulet.

A Phoenix daily newspaper on 6/11/70, carried an article relating that [redacted] been fired by the Arizona State Board of Regents the preceding day, 6/10/70. The provisions of this dismissal by the Board of Regents, included an offer to [redacted] to take a sabbatical leave for the full academic year of 1970-1971, to which he was entitled, based on his years of service. However, it was required that he would not return to ASU following his sabbatical. A second choice that was offered to [redacted] by the Regents was that his contractual relationship would be terminated at the end of the current school year.

The anonymous letter mentioned above, was directed to the members of the faculty committee which was hearing charges against [redacted]. Although the findings of the committee were not immediately made public, it has been reported that the committee did not find sufficient cause to fire [redacted]. [redacted] at ASU and an established source, has confidentially advised that the various charges against [redacted] brought out during this hearing and other anonymous charges received by the faculty committee members greatly tarnished [redacted] reputation and standing in the academic community.

Enclosed herewith for the consideration of the Bureau are six copies of an anonymous letter being suggested for mailing to five faculty members at Arizona State University (ASU) hearing charges against Professor [REDACTED] Security Index subject in the Phoenix Division.

Referenced Phoenix letters commented on the professional problems of [REDACTED] Assistant Professor of Philosophy at Arizona State University, Tempe, Arizona and on the possibility of utilizing counterintelligence action concerning [REDACTED]. The Phoenix Office by letter and LHM dated 4/1/70, brought the security investigation of [REDACTED] up to date. As noted in the latter LHM, [REDACTED] is the subject of a hearing which resumed on 4/6/70 before the Faculty Committee on Academic Freedom and Tenure at ASU. This committee is weighing several charges made against [REDACTED] and recurring news reports have stressed that the Arizona State Legislature and the Arizona Board of Regents both are anxious that [REDACTED] not be retained on the faculty at ASU. There has been some faculty and student support developed for [REDACTED] on the ASU campus. [REDACTED] and the

**ANONYMOUS LETTER TO MEMBERS

ACADEMIC FREEDOM AND TENURE
ARIZONA STATE UNIVERSITY**

Dear Sir:

It seems appropriate that you should be informed of one of the most recent activities of [REDACTED]. [REDACTED] learned of a suicide attempt by one of his close campus co-workers, [REDACTED]. Feeling that [REDACTED] could no longer be trusted as a member of the campus socialist group, [REDACTED] demanded that [REDACTED] return all literature and other materials belonging to the socialist group. [REDACTED] refused to give [REDACTED] a quantity of socialist literature in his possession until [REDACTED] would pay him a sum slightly in excess of \$50 which was owed for telephone calls charged by [REDACTED] to [REDACTED]'s telephone. [REDACTED] was indignant at [REDACTED]'s independent attitude and at 2:00 A. M. on April 5, 1970 he, accompanied by his [REDACTED] and two young male associates, invaded [REDACTED] apartment and under threat demanded return of the socialist literature. When [REDACTED] refused unless [REDACTED] paid the phone bill, [REDACTED] told him that his two associates would beat him unmercifully. [REDACTED] convalescing from a recent hospital stay, was under great fear of bodily harm or death and surrendered the literature.

I find this episode interesting. Where did [REDACTED] learn of the effectiveness of smashing into a person's home at 2:00 A. M.? Also, of utilizing four persons to threaten the health or life of someone? Is this an example of academic socialism? Should the ASU student body enjoy the guidance of such an instructor? It seems to me that this type of activity is something that Hitler or Beria could accept with pride. If [REDACTED] did not enjoy the prestige and sanctuary of his position he would be properly punished for such a totalitarian venture. Unfortunately, [REDACTED] is too terrified to testify against [REDACTED]. This is another example of [REDACTED]'s brand of academic socialism.

Re Phoenix let to Bureau, 1/2/70.

I. POTENTIAL COUNTERINTELLIGENCE ACTION

Relet commented upon the lack of success in the 11/69 moratorium activities in Tucson which were dominated by the Peace and Freedom Associations (PFA) at Tucson. It was noted that [REDACTED] of the PFA, had caused friction within the ranks of the group.

The PFA activities and New Left activities in general in Tucson have diminished considerably in the past two months. [REDACTED] on 3/26/70 advised that there is a growing friction between [REDACTED] and [REDACTED] who is a Reserve Index subject in Phoenix and has moved back to Tucson in the past year. Source said that [REDACTED] is presently showing an increasing participation in PFA activities and [REDACTED] apparently resents and is concerned with [REDACTED] increasing influence in the organization. Thus far, their differences have been minor; however, the source feels that the friction could well increase if the PFA activities grow in intensity. This source has been instructed to follow the friction between the two leaders of the PFA so that possible counterintelligence action can be evaluated. If a suitable possibility for this type of action develops, the Bureau will be informed by a separate letter and any specific recommendations will be made by Phoenix at that time.

A situation is also developing in the Phoenix area that appears to hold some potential under this program. [REDACTED]

Re Bulet to Phoenix, 7/15/69, which authorized this office to furnish selected cooperative contacts outside the FBI with one copy each of the document, "Students for a Democratic Society" dated 6/4/69.

A newly created Arizona Department of Public Safety (DPS) effective 7/1/69, includes the old Arizona Highway Patrol (AHP). Under the new arrangement, certain duties and functions formerly delegated to the AHP were reassigned to a newly formed Division of Criminal Investigations within the DPS. The new division contains a Criminal Intelligence Unit [redacted] who is a retired Special Agent of the FBI. He will be responsible for remaining aware of subversive activities, including the New Left within the state of Arizona.

The Phoenix Office considers [redacted] entirely reliable and cooperative and feels it would be mutually advantageous if the Bureau will permit him too to have a copy of the above-mentioned document. This office would also like to give [redacted] one copy of the document entitled, "Students for a Democratic Society - Ideology." It consists of four pages and a cover sheet dated 7/24/69 and was received as an enclosure with Bureau airtel to Albany dated 8/8/69, captioned, "Student Agitation; Internal Security - Miscellaneous," Bufile 62-112228.

Since this last-mentioned document on SDS tends to update the one put out 6/4/69, it is requested that Phoenix also be granted permission to furnish one copy each to the three persons previously authorized to receive the earlier one.

Remylet, 4/2/69.

Recently, in response to a written request made of Assistant Director SULLIVAN at Bureau headquarters, [redacted] with offices at the University of Arizona, Tucson, Arizona, was provided with one copy of a 29-page document pertaining to the Students for a Democratic Society (SDS). This document, which is dated 6/4/69, is an excellent, comprehensive, in-depth study of SDS. It reached [redacted] via SAC, Phoenix and was provided him with the understanding that the Bureau was not to be identified as the source of the document or any of the material contained therein.

Because of the obvious value to captioned program of this very revealing study of SDS, it is recommended that the Bureau authorize Phoenix to furnish one copy each to [redacted] Arizona State University (ASU) Tempe, Arizona; to the Special Investigations unit of the Phoenix Police Department and to a selected cooperative representative of Phoenix Newspapers, Inc., publishers of the two local daily newspapers, "The Arizona Republic" and "The Phoenix Gazette." The document would be furnished these sources and contacts with the specific understanding that none of the information therein would be attributed publicly to the FBI.

The Phoenix Division also wishes to know whether any material comparable to this pamphlet on the SDS might be available from the Bureau with regard to the Young Socialist Alliance (YSA). By its actions in the recent past, rather widely publicized, the SDS both locally and nationally, has

1. Potential Counterintelligence Action

The trial of [REDACTED] on charges of disturbing the peace was held as scheduled 10/8/68 in Tempe Justice Court, Tempe, Arizona. The charges grew out of a complaint filed by another employee of Arizona State University (ASU) alleging that on 4/9/68 [REDACTED] had used loud offensive and obscene language when another employee told [REDACTED] he could not hang posters on auditorium windows. [REDACTED] admitted using the words alleged but said he did not consider them obscene, that he uses such words regularly while teaching and would not object to their being used or spoken to a young child. He admitted that some people might use the words offensively. Justice of the Peace RALPH FOWLER found [REDACTED] guilty and sentenced him to a fine of \$220.00 or 80 days in jail. [REDACTED] appealed the case to the Superior Court and was released on \$220.00 bond. This is where the matter presently rests.

Authority denied to furnish copies of letterhead memoranda enclosed with relet to [REDACTED]

Generally speaking, it is not good policy to furnish letterhead memoranda in security-type cases to local law enforcement officers especially when they contain information from confidential Bureau informants.

A review of the letterhead memoranda in question reveals that most of the information contained therein was obtained from the Arizona Secretary of State or from newspapers. You

You are authorized to orally furnish [REDACTED] the information obtained from the Arizona Secretary of State and from appropriate newspaper articles.

It is pointed out that some of the material contained in the letterhead memoranda concerns the efforts of the Socialist Workers Party (SWP) and the Peace and Freedom Party (PFP) to appear on the Arizona ballot in the coming elections. The Bureau cannot put itself in a position to be accused of interfering in the legitimate activities of political parties, even the SWP and the PFP. This must be borne in mind during any contact with local authorities.

DATE: 10/8/68

FROM : SAC, PHOENIX (105-2683) (P)

SUBJECT: COINTELPRO - NEW LEFT

Re: Remylet, 10/1/68.

It has been mentioned previously to the Bureau that [REDACTED] as a public employee is known to be of interest and concern to JACK WILLIAMS, Governor of Arizona. It is the understanding of the Phoenix Office that Governor WILLIAMS relies to a considerable extent on information which he receives from [REDACTED] Arizona Highway Patrol.

As a general rule copies of reports or LHMs in security type cases are not disseminated by Phoenix to the AHP. It is recommended that the Bureau authorize Phoenix to furnish [REDACTED] one copy each of the enclosed LHMs captioned as follows:

1. "SOCIALIST WORKERS PARTY, STATE OF ARIZONA," dated 8/16/68 at Phoenix, Arizona.
2. "PEACE AND FREEDOM PARTY; NEW PARTY, STATE OF ARIZONA," dated 9/10/68 at Phoenix.
3. [REDACTED], dated 10/8/68 at Phoenix.

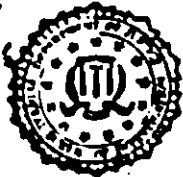

These LHMs concern pertinent activities not only of [REDACTED] but also of other individuals connected with ASU and with the University of Arizona, both tax-supported institutions.

[REDACTED] was convicted May 9 in U. S. District Court of burning his draft card during a Dec. 4 demonstration in front of City Hall. He also was convicted of failing to have a draft card in his possession, a second felony.

[REDACTED] could not be reached today for comment.

"Still another political party, dubbed the New Party, filed petitions in Phoenix yesterday with [REDACTED] assistant secretary of state. Its electors were listed as supporters from Tucson.

On August 15, 1968, [REDACTED]
[REDACTED] State of Arizona, Phoenix, Arizona, advised that

a group calling itself the Peace and Freedom Party (PFP) and another group calling itself the New Party (NP), both having filed on August 9, 1968, the necessary petitions and other documents required by Arizona statutes, had gained recognition as political parties in the State. Accordingly, each will appear and be represented by and on an official ballot in the primary election September 10, 1968, and in the general election November 5, 1968.

State of Arizona, recalled on August 22, 1968, that the PFP documents as well as those of the NP were brought to the office for official filing on August 9, 1968, by three "bearded and filthy" males. All were from Tucson. Two of these people identified themselves; they were [REDACTED] and [REDACTED]. The third individual was not identified. They arrived at the Secretary of State's office in the Capitol Building in Phoenix the afternoon of August 9, 1968. They had with them the necessary petitions from Apache, Graham, Greenlee and Santa Cruz counties. It was necessary for them to wait around for the arrival of the signed PFP

and NP petitions from Mohave county. This Mohave county material was finally brought in by [REDACTED] who had driven directly to the capitol from Kingman, Arizona, with it. [REDACTED] and her "bearded and filthy" friends then turned all the documents over to [REDACTED] who recorded them as being received at 5 p.m. on August 9, 1968.

[REDACTED] advised that [REDACTED] was also from Tucson, Arizona, and that her husband is understood to be a professor there at the University of Arizona (UA). It appeared to [REDACTED] that the two political groups, the PFP and the NP, were closely associated and closely coordinated their activities. The folder pertaining to the PFP bore the notation that receipt was to be sent to [REDACTED] Tucson 85719." A comparable notation on the NP folder was [REDACTED] Tucson 85716."

[REDACTED] explained that in Arizona a new political party becomes eligible for recognition and a place on the official ballot upon filing with the Secretary of State petitions signed by a number of qualified electors equal to not less than two per cent of the votes cast for governor at the last preceding general election in at least five counties. The petitions filed by PFP contained signatures of qualified voters as follows:

<u>County</u>	<u>Signatures</u>
Apache	76
Graham	86
Greenlee	69
Mohave	72
Santa Cruz	58
TOTAL	361

**PEACE AND FREEDOM PARTY;
NEW PARTY
STATE OF ARIZONA**

The petitions filed by the NP contained signatures of qualified electors as follows:

<u>County</u>	<u>Signatures</u>
Apache	73
Greenlee	71
Santa Cruz	65
Graham	86
Mohave	<u>72</u>

TOTAL 367

[redacted] on September 5, 1968, pointed out that the PFP and the NP people had obviously selected the five least populated Arizona counties in which to circulate their petitions, thereby minimizing the work involved in gaining the needed signatures. It was also evident from the petitions that those of the PFP and the NP had been circulated simultaneously in the following communities on the dates indicated:

Nogales	July 23, 1968
Safford	July 25, 1968
Morenci and Clifton	July 30, 1968
McNary and Springerville	August 4, 1968
Eager	August 4 and 5, 1968
St. Johns	August 5, 1968
Kingman	August 8 and 9, 1968

It appeared too that most persons signing the for PFP in any given community also signed the NP petitions.

[redacted] all executed certifications attached to petitions of both the PFP and the NP. [redacted] and [redacted] functioned in this manner with respect to Mohave County; [redacted] in Graham County; [redacted] in Apache County; [redacted] in Santa Cruz County; [redacted] in Greenlee County;

**PEACE AND FREEDOM PARTY;
NEW PARTY
STATE OF ARIZONA**

The PFP folder made available by [REDACTED] on September 5, 1968, also contained a letter of certification to the effect that Eldridge Cleaver has been nominated for President of the United States and [REDACTED] or Vice President of the United States. The letter indicated the above action was taken in the regular Arizona convention of the PFP held in Tucson, Arizona, on August 6, 1968; the letter dated August 7, 1968, bore the return address of PFP campaign headquarters, 1028 East Sixth Street, Tucson. It was signed by [REDACTED] of the convention.

A comparable document in the NP folder states that the convention of the NP was to be held in Chicago, Illinois, on or about September 3, 1968, when candidates of the NP for the offices of President and Vice President of the United States of America would be chosen. This letter to [REDACTED] dated August 2, 1968, bore no return address. It was signed by [REDACTED] Arizona Committee for a New Party..

STUDENTS FOR A DEMOCRATIC SOCIETY

The Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. The SDS is an association of young people on the left and has a current program of protesting the draft, promoting a campaign for youth to develop a conscientious objector status, denouncing United States intervention in the war in Vietnam and to "radically transform" the university community, and provide for its complete control by students.

Gus Hall, General Secretary, Communist Party, USA, when interviewed by a representative of United Press International in San Francisco, California, on May 14, 1965, described the SDS as a part of the "responsible left" which the Party has "going for us." At the June, 1965, SDS National Convention, an anticommunist proviso was removed from the SDS constitution. In the October 7, 1966, issue of "New Left Notes," the official publication of SDS, an SDS spokesman stated that there are some communists in SDS and they are welcome.

The national headquarters of this organization, as of April 18, 1967, was located in Room 206, 1608 West Madison Street, Chicago, Illinois.

In addition to her experiences in the German SDS, she knows many of the leaders of the other radical youth organizations in Europe, and has participated in many of the demonstrations and conferences that have marked the rising tide of radicalism among European youth. She was an eyewitness to the famous battle of the barricades between the Sorbonne students and police in Paris on the night of May 10-11 and wrote a stirring account of it which has been printed throughout the world.

[REDACTED] has an M. A. degree in philosophy and sociology from Hamburg University in Germany. She has visited Cuba twice, lectured on Cuba at four West German universities; and written an introduction to the German edition of Paul Sweezy and Leo Huberman's Anatomy of a Revolution. She has conducted sociological studies in India and has written extensively on that country."

Characterizations of the SDS and YSA are contained in the appendix hereto.

On September 28, 1968, Special Agents of the FBI observed that [REDACTED] arrived at Phoenix, Arizona, at 10:11 a.m. aboard American Airlines flight 163. She was met at Sky Harbor Municipal Airport by [REDACTED] and his wife, [REDACTED]

[REDACTED] remained at the airport terminal building for some time awaiting delivery of the subject's luggage. At 10:40 a.m. they finally gave up on the luggage and joined [REDACTED] who was waiting in his automobile. The three of them drove to St. Agnes' Roman Catholic Church, 1954 North 24th Street. They entered and remained in the church from approximately 10:50 a.m. until

11:20 a.m. They then proceeded in [REDACTED] automobile to the Woman's Club of Phoenix, 305 West Earl Drive, which place they entered at 11:55 a.m.

Later, shortly before 2 p.m. on September 28, 1968, [REDACTED] and the two [REDACTED] were observed leaving the [REDACTED] residence at [REDACTED] Scottsdale, Arizona, in [REDACTED] automobile.

At about 12 noon on September 28, 1968, an unidentified individual connected with the Woman's Club of Phoenix advised that a wedding reception was taking place there at that time. He did not have the name of the wedding couple but knew the bride's parents to be named [REDACTED]

Confidential informant PX T-1 advised on September 28, 1968, that at St. Agnes' Church that morning, a parishioner named [REDACTED] had been married to [REDACTED]. He added that records of the Arizona State University (ASU), Tempe, Arizona, reflect that [REDACTED] was a freshman in the Liberal Arts College there during the 1967-68 school year. His home address was listed as [REDACTED] Phoenix, Arizona.

In connection with another investigation, confidential informant PX T-2 on July 26, 1968, furnished information regarding a meeting of the National Executive Committee of the YSA which had occurred in New York City on June 24, 1968. At that time a motion was made and carried to accept applications for membership at large from three individuals, one of whom was [REDACTED] Arizona." Another was [REDACTED] Arizona.

T-1 pointed out that [REDACTED] at ASU, has for the past two or three years been the faculty member most prominently identified with antidraft and anti-Vietnam war activities on that campus and in the Phoenix area generally.

Records of the Secretary of State, State of Arizona, reveal that [REDACTED] is one of five presidential electors named by and for the SWP. This was in connection with the filing on August 8, 1968, of the necessary documents required by law in placing a new political party on the ballot. [REDACTED] also signed himself as [REDACTED] of the Arizona SWP.

On September 28, 1968, T-1 advised that he knew of no meetings or other activities being held at ASU that week-end which [REDACTED] might logically be expected to address or attend. This source on September 30, 1968, stated that neither [REDACTED] nor [REDACTED] was known to have been on campus September 28, 1968. Subsequently, on October 4, 1968, T-1 advised that after viewing [REDACTED], presently a sophomore at ASU, he recognized him as having been an active participant in one antiwar event which the ASU Committee to End the War in Vietnam (CEWV) had held during the 1967-68 school year. He added that [REDACTED]

Confidential informant PX T-3 advised on September 28, 1968, that [REDACTED] indicated that her address while in the Phoenix area would be [REDACTED] Scottsdale. He added that she was holding space on Western Airlines Flight 606 scheduled to depart Phoenix for Los Angeles, California, at 12:30 p.m., September 29, 1968. On September 29, 1968, T-3 advised that [REDACTED] had left Phoenix as scheduled at 12:30 p.m. that date via Western Airlines Flight 606 departing for Los Angeles.

YOUNG SOCIALIST ALLIANCE

The May, 1960, issue of the "Young Socialist" (YS), page 1, column 3, disclosed that during April 15-17, 1960, a national organization entitled "The Young Socialist Alliance" (YSA) was established at Philadelphia, Pennsylvania. This issue stated that this organization was formed by the nationwide supporter clubs of the publication YS.

The above issue, page 6, set forth the Founding Declaration of the YSA. This declaration stated that the YSA recognizes the Socialist Workers Party (SWP) as the only existing political leadership on class struggle principles, and that the supporters of the YS have come into basic political solidarity with the SWP on the principles of revolutionary socialism.

On March 10, 1967, a source advised that the YSA was formed during 1957, by youth of various left socialist tendencies, particularly members and followers of the SWP. The source further advised that the YSA has recently become more open about admitting that it is the youth group of the SWP and that an SWP representative has publicly stated that the YSA is the SWP's youth group.

The National Headquarters of the YSA are located in Room 532-536, 41 Union Square West, New York City.

On October 31, 1967, a second source advised that at the 22nd National Convention of the SWP held in New York City from October 26 to 29, 1967, it was stated that the YSA remained as the main recruiting ground for new SWP members.

The SWP has been designated pursuant to Executive Order 10450.

and PK let to Bureau, 5/31/68.

The status of captioned program in the Phoenix
Division as of 7/1/68 may be summarized as follows:

1. Potential Counterintelligence Action

It was mentioned in Phoenix letter of 5/31/68 that [REDACTED] as a public employee, is understood to be of interest and concern to JACK WILLIAMS, Governor of Arizona. There are now indications that as a result of this interest, which is by no means a matter of public record and is unlikely to become such, the Board of Regents, which exercises administrative control of the State universities, may soon find cause to separate [REDACTED] from the public payroll. It is considered that he may have falsified attendance records or something of that nature. [REDACTED] dismissal from the ASU faculty could be expected to disrupt New Left organizations at Arizona State University and in the Phoenix area generally.

In any event, Phoenix will explore means of assuring that Mr. WILLIAMS is cognizant of the role which [REDACTED] and others in the ASU Philosophy Department play in keeping the New Left alive within the State of which he is Governor.

[REDACTED], a graduate student at the University of Arizona, Tucson, has for the past several months been especially active in coordinating various "peace" groups in that locality. Ways and means are being considered to discredit [REDACTED] among his associates. This has already been accomplished to some extent without any deliberate assistance from Phoenix Office personnel.

The Bureau is furnished herewith 15 copies each of two separate letterhead memorandums, one of which concerns New Left activity at the University of Arizona (UA), Tucson, Arizona; the other the New Left activity at Arizona State University (ASU), Tempe, Arizona.

The confidential source mentioned in the latter LHM is [REDACTED] ASU, whose identity is concealed as a matter of policy. The LHM is classified confidential since information contained therein might reasonably result in the identification of this source, compromising his future effectiveness.

Established sources which this office continues to utilize at UA are chiefly [REDACTED] and [REDACTED]. Coverage of activities on that campus is also provided by [REDACTED] and [REDACTED]. [REDACTED] in particular has developed a close friendship with leaders of the SPA as well as leaders of off-campus "peace" groups which at times support activities of the SPA.

At ASU, [REDACTED] and members of his staff are established sources through contact with whom the Phoenix Office has been able to remain cognizant of developments. [REDACTED] has informants and sources of his own within the membership ranks of SDS and CEV. In addition, [REDACTED] since enrolling as [REDACTED] at ASU earlier this

From time to time [REDACTED] has also developed and provided information bearing on activities at ASU. It is expected he will continue increasingly to do so and efforts are being made to guide him in this direction.

Sources do not presently consider the potential for violence on campuses within Arizona any greater for the forthcoming school year than has been the case in the past.

NEW LEFT ACTIVITY---UNIVERSITY OF ARIZONA

1. The STUDENT PEACE ASSOCIATION (SPA) is self-described in the current University of Arizona (UA) list of campus organizations as follows:

"The STUDENT PEACE ASSOCIATION attempts to unite students for the purpose of exploring peaceful solutions to the arms race and cold war. The SPA sponsors and co-sponsors various speakers throughout the school year."

Policies and activities of the SPA have been generally anti-draft and against the Vietnam war, and there has been little effort to challenge the UA administration or to disrupt campus and academic activities. Current membership of the SPA is approximately 20. It is rather loosely organized and few formal meetings are held.

2. Leaders of the SPA activity during the past year have been the following three individuals:

to hold on campus on May 29, 1968. Their literature stated the ceremony was not planned to conflict with or disrupt the regular commencement exercises. The literature included pledge forms inviting recipients to either pledge to refuse military service or pledge to support those who do refuse. The University refused permission for the "Vietnam Convocation" to be held anywhere on UA property, and attempts by the group to obtain space at various Tucson church and community buildings were also unsuccessful. When the group attempted to march onto the campus at 8 p.m., May 29, 1968, they were met at the main entrance by UA officials, who had that date obtained a Superior Court restraining order prohibiting the action. The group withdrew peacefully and held their ceremony, without incident, at a city park some seven blocks from the campus.

3. The "Vietnam Convocation," which was not permitted on campus, is the nearest to a confrontation with UA authorities of any activity yet conducted. There was no violence or threats of violence. Literature of the CDOC lists eleven UA faculty members as an "advisory council." There was no reported outside influence in the above activity. There have been no disruptive activities, or attempts, at the UA campus during the past year and no violence.

NEW LEFT ACTIVITY---ARIZONA STATE UNIVERSITY

1. STUDENTS FOR A DEMOCRATIC SOCIETY (SDS) succeeded in becoming registered at Arizona State University (ASU) in March, 1968. It has an approximate membership of 18. A characterization of the SDS is contained in the appendix hereto.

The ASU COMMITTEE TO END THE WAR IN VIETNAM (CEWV) has existed on campus since the 1966-67 school year. It has an approximate membership of 20. The CEWV is self-described as to purpose as follows: "We believe we are duty bound to speak out against our policy of military intervention in Vietnam. We dissent and we protest this military intervention."

2. The SDS application to be a registered campus organization was signed by [REDACTED] and he is regarded as the student leader of the group. No officers were named.

[REDACTED] SDS sponsored FRED HALSTEAD, presidential candidate of the Socialist Workers Party (SWP), who filled a speaking engagement before a small audience on campus on April 19, 1968. [REDACTED] stated thereafter that next fall SDS will try to interest more people in the SWP.

The SWP has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

NEW LEFT ACTIVITY---ARIZONA STATE UNIVERSITY

[REDACTED]

On April 22, 1968, eleven individuals appearing to be students, including and apparently led by [REDACTED] were observed to be present from about 6:30 a.m. to 7:30 a.m. at the Armed Forces Examining and Entrance Station, 545 East Moreland Street, Phoenix. To some of

the inductees and armed forces volunteers arriving at the station, the demonstrators handed a mimeographed sheet of paper which pointed out ways in which people could avoid cooperating with the Selective Service System and the military. The leaflet also informed readers that if they wanted help in staying at home, they should contact CEVW at P. O. Box 820, Tempe, Arizona.

A confidential source, who has furnished reliable information in the past, related on January 18, 1968, that [redacted] had become increasingly identified and preoccupied with opposition to the war in Vietnam and to the military involvement of the United States in that conflict. [redacted] stated on January 16, 1968, that he had written and distributed a document in this regard which might result in his arrest. [redacted] indicated that the material which he had written was directed to faculty members and others and was in support of Dr. Benjamin Spock and associates who had been indicted for counseling young men to defy Selective Service laws and evade military service. [redacted] talked as if he actually wanted to be arrested. He said that persons sincerely involved in the peace movement should be prepared to engage in actions which would cause their arrest, thereby dramatizing their views on the war and achieve publicity and public sympathy.

NEW LEFT ACTIVITY---ARIZONA STATE UNIVERSITY

In connection with a prior investigation, the source on September 24, 1965, had stated that [REDACTED] was a controversial figure from a personality standpoint in that he was generally regarded as somewhat eccentric, but he had not previous to that time been publicly identified at ASU with matters of a political nature. Source also advised that prior to coming to ASU in September, 1964, [REDACTED] had taught philosophy at the University of Washington.

It was determined in September, 1965, that [REDACTED] had not previously come to the attention of the FBI either in the State of Washington or in Arizona.

It was observed in connection with a separate investigation that [REDACTED] was the evident leader of a delegation from the CEV who on October 16, 1967, passed out antidraft and antiwar leaflets to young men reporting for processing at the Armed Forces Examining and Entrance Station in Phoenix. He was the apparent leader also of a larger group of demonstrators who on February 23, 1968, protested the Vietnam war and the public appearance in Phoenix of Secretary of State Dean Rusk on that date.

3. Source does not consider any of the campus activities during the past year succeeded in being disruptive. There was no violence at any time and no outside influences were noted. He recalled on June 28, 1968, that in connection with the "Ten Days of Protest and Resistance" in April, 1968, [REDACTED] wished to have a faculty-student strike at ASU on April 26, 1968, but it did not materialize.

APPENDIX

STUDENTS FOR A DEMOCRATIC SOCIETY

The Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. The SDS is an association of young people on the left and has a current program of protesting the draft, promoting a campaign for youth to develop a conscientious objector status, denouncing United States intervention in the war in Vietnam and to "radically transform" the university community, and provide for its complete control by students.

Gus Hall, General Secretary, Communist Party, USA, when interviewed by a representative of United Press International in San Francisco, California, on May 14, 1965, described the SDS as a part of the "responsible left" which the Party has "going for us." At the June, 1965, SDS National Convention, an anticommunist proviso was removed from the SDS constitution. In the October 7, 1966, issue of "New Left Notes," the official publication of SDS, an SDS spokesman stated that there are some communists in SDS and they are welcome.

The national headquarters of this organization, as of April 18, 1967, was located in Room 206, 1608 West Madison Street, Chicago, Illinois.

NEW LEFT

ReBulet to Albany, 5/10/68, copies to all offices.

On the basis of developments to date, it is apparent that New Left organizations and activities in the Phoenix metropolitan area have received their inspiration and leadership almost exclusively from the members of the faculty in the Department of Philosophy at Arizona State University (ASU), chiefly Assistant Professor [REDACTED]. The most logical targets for potential counterintelligence action locally are therefore pretty obvious.

[REDACTED] is presently the subject of active investigation in the Selective Service category, as is [REDACTED] - also an Assistant Professor of Philosophy. Background information which is thus developed may prove useful for counterintelligence purposes. Bureau authority is also being requested to initiate an active security investigation of [REDACTED] who is a Graduate Assistant in the Department of Philosophy.

[REDACTED] has already received considerable publicity in Phoenix papers in connection with his anti-war and anti-draft activities. It is understood also that Governor JACK WILLIAMS is well aware of [REDACTED] radical proclivities and has privately expressed concern about him. This suggests an avenue of counterintelligence approach as well as that offered by reliable and cooperative contacts in the news media.

At Tucson, Arizona, all New Left activities since March, 1968 have been channeled through the Peace and Freedom Associations, a recently formed coalition of the various campus and off-campus anti-Vietnam and anti-draft groups in the Tucson area. Total membership is not large,

as most members of any other group were also members of most of the other groups. The announced purpose of the coalition is "dedicated to ending the war in Vietnam and to ending racial injustice at home." The principal student group in the coalition is the University of Arizona (UA) Student Peace Association; the principal off-campus group, which includes several UA faculty members, is the Tucson Peace Center (TPC). Cases have been opened on the coalition and its individual groups and active investigation is being conducted.

The [redacted] of the TPC until recently was [redacted] of the UA Department of Government. [redacted] wife is [redacted] who was a CP member in the Seattle area in the early 1950s. [redacted] is head of the "Arizonans for McCarthy" and has received considerable publicity in connection with the presidential campaign. He resigned from the TPC in late April, but is still active and will no doubt return to TPC leadership when the presidential campaign is over. Others who are active in the various groups and who have recently been receiving publicity in connection with anti-draft, anti-Vietnam and civil rights matters include at least three former CP members, one of whom, [redacted] is a current Phoenix DETCOM subject.

Counterintelligence action suggested for the Tucson area is as follows:

[redacted] of the Arizona Daily Star, one of the two daily newspapers published in Tucson, is a SAC contact and is considered thoroughly reliable. The [redacted] edition of the Star carried an [redacted].

He brands the SDS and various black power groups as professional revolutionists. The [redacted] is well done and copies are being sent to the Bureau. One copy will be designated for this file.

On 5/21/68, [redacted] contacted SA [redacted] the Tucson RA and stated he would like to, if possible, obtain pertinent background data concerning some of the activists in the various anti-draft, anti-Vietnam and

PX 105-2683
RPP/lkt

similar groups in the Tucson area who have been receiving considerable publicity of late. He specifically asked for any data concerning [redacted] and [redacted]

[redacted] was told that the matter would be discussed with him in the near future. It is suggested that as a means of counterintelligence, files of the individuals known to have been CP members who are now active in the Tucson area in the various groups and sufficient data be furnished [redacted] from public sources if possible, so that he can make the public aware of the true character of these individuals. If public source data is not available in the files, an effort should be made to furnish [redacted] on a confidential basis leads so that his reporters can develop the information for themselves. It is felt that exposing these people at this time when they are receiving considerable publicity would serve to not only educate the public to their character, but would disrupt the members of the various organizations.

It is felt that [redacted] is completely reliable and any information furnished him in confidence would be treated as such.
